

# ADHD ≠ Rx

**Now, a diagnosis of ADHD doesn't have to mean prescription medication.**

Do you or a member of your family have difficulty concentrating or focusing? Are you concerned about hyperactivity or impulsive behavior? Now there is a clinically proven alternative to medication.

Research shows Neurotherapy to be an effective, safe, non-invasive way to work with children and adults — without resorting to psychoactive medication. Help you or your child utilize and train the brain to improve performance. **neuroAgility** provides diagnostic evaluations for AD/HD and Brain Injury. We offer state of the art training that is respectful and non-stigmatizing; we build on your strengths leading to a sense of self mastery.
